Financial Side of Petersburg Investment Company Is Much Like Bank.

## LADY TAKEN ILL ON STREET

Rapidly Grew Worse and Died In Short While—Mr. Cameron May Retire.

(Special to The Times-Dispatch.)  
PETERSBURG, VA., February 19.—The charter of the Petersburg Investment Corporation, which, with the Business and Credit Association, comprises the new Chamber of Commerce, was recorded to-day in the office of the clerk of the courts. The investment corporation is the financial department of the organization that was recently formed to take the place of the old Chamber of Commerce, which was dissolved at one of the public meetings called to form a new one. The capital stock of the new corporation is limited to a maximum of three hundred thousand dollars; minimum, fifty thousand; and its real estate is limited to one thousand acres in Petersburg, and two hundred thousand acres elsewhere. The organization is empowered to conduct what seems to be practically a banking business, especially for the lending of money to assist the establishment and maintenance of manufacturing, commercial, and other industries in this city and elsewhere, and to promote generally the material improvement of this community. The officers for the first year are: President, Augustus Wright; Vice-President, Charles Hall Davis; Second Vice-President, T. F. Heath; Secretary and Treasurer, M. C. Jackson; Directors, A. Wright, C. H. Davis, J. W. Seward, M. C. Jackson, Bartlett Hooper, Isaac Cohen, T. F. Heath, Robert Cabaniss and E. L. Snyder, of Richmond.

**Not Let Him Resign.**  
George Cameron, Jr., has tendered his resignation as chairman of the Finance Committee of the City Council, but the committee has refused to accept the resignation, and will soon hold another meeting to consider the matter. It is understood that because of the pressure of business engagements Mr. Cameron may resign from the Council also. Mr. Cameron's services as chairman of the Finance Committee have been marked by signal ability and success, and his resignation from either committee or Council will be strongly opposed.

**"The Clansman,"** at the Academy of Music last evening, was received with favor by one of the largest audiences of this season, and comments on the play are enthusiastic. There was no protest here, so far as is publicly known, against its production.

Mrs. Bradburn was fifty-six years old.

## HISTORIC ENGINE.

Fire Apparatus Given by Washington Will Be Shown.

(Special to The Times-Dispatch.)  
ALEXANDRIA, VA., February 19.—The old Friendship fire engine, a gift of Washington, will be on exhibition February 22d. The idea of giving a demonstration of the old engine's working capacity on that day has been abandoned. The post-office here has installed electricity and discontinued the use of gas. The government office was conceded to be one of the largest gas-takers in the city, and its discontinuance will be of considerable loss to the city gas works.

## RECOLLECTED LAFAYETTE

Michael Wine, Who Died Yesterday Was Aged Ninety.

(Special to The Times-Dispatch.)  
HARRISONBURG, VA., February 19.—Michael Wine died at his home, on Fulk Run, in Brock's Gap, to-day, in his ninety-first year. Mr. Wine had been in bad health for some time, due to the infirmities of old age. He was a well-known farmer for years and had a distinct recollection of the visit of General Lafayette in 1825. He leaves a large family of children, grandchildren and great-grandchildren.

## RIVER THIEVES USE CHLOROFORM

Bold Depredations Aboard Vessels in the Elizabeth—Poisonous Fumes Through Keyhole.

## TWILLER IS A HEAVY LOSER

Besides Roll of Money and Trinkets, Watch, Chain and Locket Stolen.

(Special to The Times-Dispatch.)  
NORFOLK, VA., February 19.—River thieves, bold and cunning, who have committed many depredations aboard vessels in the Elizabeth during the past six months, swooped down in great force on an unsuspecting craft last night, chloroforming masters and others in cabins, which they ransacked, and made way with all the money and jewelry and other trinkets on which they could lay their hands. The loss up was the most general that has occurred on the river within recent years. After drugging those asleep therein, the thieves forced their way into the cabins and stole four bags at anchor on the Berkeley flats, and made unsuccessful efforts to rob others.

It is regarded as certain that the robbers of last night were the same as those who robbed the Baltimore barge Columbia last week. The operations of the thieves on both occasions were similar. After getting sufficient chloroform in the cabins through keyholes, or perhaps keyholes, to throw them into a very sound sleep, the thieves would then force an entrance, usually through a window.

## The Floating Victims.

The barges robbed last night were the Lanie, Captain W. C. Lundy; the George W. Kugler, Captain Bohan; the Merlin, Captain Fleet; and the Katherine McIlwaine, Captain Twiller. The exact quantity of booty obtained by the thieves is not known, but great wealth is not usually carried aboard barges. Captain Twiller was the heaviest loser of those robbed last night. Besides a small roll of money and a few trinkets, he lost his watch, chain and locket, the gift of his family.

The onslaught of the thieves has started the agitation for a harbor patrol, and it is likely that the boat will be speedily commissioned. Captain Fleet, of the Merlin, had his wife and three children with him. It was hard to wake them this morning, as it was all others who were drugged.

## INCOME TAXES.

Judge Barksdale Tells Jury to Probe Matter Deeply.

(Special to The Times-Dispatch.)  
BOYDTON, VA., February 19.—Judge Barksdale, in the Circuit Court of Mecklenburg, who convened his court here yesterday, dwelt particularly and with much force in his charge to the grand jury upon the importance of their inquiry into the matter of income taxes and taxable property. He said, in part: "Most of the dissatisfaction in regard to payment of taxes arises not so much from the amount of taxes paid, but from their inequality; that while much have been paid and others have not, and as the bringing about this very desirable result, what is needed is not so much new laws on the subject, but the proper enforcement of those already on the statute book."

He then read to them Section 578 of the Code, and strongly urged the jury, however troublesome, tedious and disagreeable the duty might be, to carefully and faithfully, with the aid of the commissioner of the revenue, examine the last books of assessment, of persons and property, and if there was probable cause to believe from such examination that any taxpayer in the county had failed to give to the commissioner a full and true inventory of his property, to summon him to examine him on the law and facts of the case. He specially directed their attention to the matter of income taxes, stating that while there were several prosperous and thriving towns in Mecklenburg and much had been written of the prosperity of the county, according to his information, scarcely a hundred people of the county paid a tax on income.

Ladies will be present, each member of the lodge being entitled to bring one lady. The records showing when Washington was made a Mason by this lodge, and the Bible on which he was obligated, will be on exhibition on this occasion. Captain M. B. Rowe, who has been prominently mentioned in connection with the Democratic nomination for the Legislature from this city and Swatara county at this election, in answer to inquiries today, stated positively that he is not a candidate, and does not expect to be one.

## NEW Y. M. C. A. Building, Which Cost \$90,000, Is Nearing Completion.

(Special to The Times-Dispatch.)  
LYNCHBURG, VA., February 19.—Much interest is being manifested throughout the city in the approaching opening of the new Y. M. C. A. home, which, with but a few more days, will be ready for occupancy. The building, at a cost of about \$90,000, including the equipment. The formal opening will take place on March 8th, 9th and 10th, and committees are preparing programs for these three days. Six hundred men, young men and boys, two hundred on each committee, have been selected to conduct a five days' campaign for membership immediately after the formal opening. The effort is to be made for 1,200 members, and it is believed that this can be done. Many believe the membership will be larger before the campaign is ended. If 1,200 are secured, Lynchburg would have the largest Y. M. C. A. enrollment south of the Potomac.

A number of the citizens of the county, however, were in attendance, and the streets presented a busy appearance. ## MRS. C. H. SMITH GIVEN ABSOLUTE DIVORCE.

Interesting Suit In Alexandria Circuit Ends, and Papers Ordered Forever Sealed.

(Special to The Times-Dispatch.)  
ALEXANDRIA, VA., February 19.—Mrs. Carlyle Herbert Smith was granted an absolute divorce from her husband, Courtland H. Smith, in the Circuit Court for Alexandria county, yesterday afternoon, Judge Charles E. Nicol presiding.

Efforts on the part of the interested parties to keep the matter absolutely secret, were without avail, as the matter leaked out late last night.

According to the terms of the decree Mrs. Smith is to have the control of the two children, and Mr. Smith will be allowed to see them once a month. It is also stipulated that he makes a trust to Gardner L. Bothe and Herbert Bryant, of this city, for the benefit of the two children, that in the event he receives the fee in the trust estate, that he now has in New York, the children are to receive the sum of \$10,000 each. His wife is to receive \$10,000, and all the personal property now in her possession.

Mrs. Smith was a Miss Herbert, of Baltimore, and their marriage in that city, which occurred several years ago, was one of the social events of the season. After their marriage Mr. and Mrs. Smith took up their residence at the Houghton stock farm, about three miles west of this city, and have made their home there.

Mr. Smith is a son of the late Courtland H. Smith, a former Mayor of Alexandria, and is one of the best-known horsemen in this section of the country. It is stated that he did not contest the divorce proceedings.

Yesterday afternoon a lengthy conference was held in Judge Nicol's room, at the courthouse, between Attorney John M. Johnson, representing Mrs. Smith, and Attorney J. K. M. Norton and B. Walton Moore, representing Mr. Smith, after which the terms were decided upon. The papers in the case were ordered sealed and to remain sealed forever.

## Cowpeas

The increasing demand for all kinds of Cowpeas with each season demonstrates the importance of this commodity to farmers. Practical experience in various sections shows their utility, and preference is given over commercial fertilizers because they are economical and more satisfactory. In addition to this, their use as a forage crop is almost doubling itself with each year, until the demand has grown to be larger than the supply.

## Soy Beans

The prolific growth of these Beans makes them very desirable seed for a forage crop, and their popularity is increasing every year. They are also valuable in mixing with Cowpeas on account of their tall and stout growth, which serves to hold up the Cowpeas while growing, and they are being largely used for this purpose.

During the past season the weather conditions were exceedingly unfavorable, and destroyed a large per cent. of the crop of both Cowpeas and Soy Beans, but with our large facilities we have been enabled to secure a fairly good supply of both. We shall be glad to quote you prices on several varieties, and, when desired, furnish samples.
